

Requirement G68

Revision May 23, 2014

Component Repair and Accessory Repair Invoices:

With respect to Component Repair and Accessory Repair Invoices, Seller shall comply with article 3 of C64 or I64 (Payment Terms) in its entirety.

When contracted turn-around-times (TAT) are 21 days or less, the Seller shall provide “one final invoice” with the shipment of repaired, used serviceable or rotatable component.

In the event that this requirement can not be met, Seller shall ensure that the Purchaser receives a pro-forma invoice not later than 10 days after receipt of goods for repair or overhaul at the Seller’s premises. In the event that the goods are unable to be made serviceable by the 10<sup>th</sup> day at the pro-forma invoice value, the pro-forma invoice will be adjusted by the submission of “one final invoice”. The final invoice must be received by the Purchaser within 30 days after receipt of the goods for repair or overhaul at the Seller’s premises unless mutually agreed otherwise by Purchaser and Seller.
