

QUALITY REMARK: AEPD
QUALITY REQUIREMENT NO. E01

THIS SPECIAL REQUIREMENT IS BEING INVOKED FOR FABRICATION SUPPLIERS TO CLARIFY/MODIFY THE REQUIREMENTS OF S-500 IMPLEMENTATION. THE REQUIREMENT OF S-500 TO BE COMPLETED PRIOR TO INITIAL SHIPMENT IS STILL VALID WITH THE FOLLOWING EXCEPTION. THE SEQUENCING OF MANUFACTURING AND INSPECTION OPERATIONS NEED NOT BE FINALIZED UNTIL THE FIFTH PIECE MANUFACTURED. AN EXTENSION MAY BE GRANTED BY THE RESPONSIBLE G.E.A.E. QUALITY MANAGER IF IT IS NOT FEASIBLE TO COMPLETE BY THE FIFTH PIECE. THIS DOES NOT, HOWEVER, EXEMPT THE SUPPLIER OF THE SIGNIFICANT OPERATION CONTROL PER P1TF17.
