1. SCOPE, TERMS & CONDITIONS, AND DEFINITIONS

(a) Either Contractor's written acknowledgement or Contractor's full or partial performance under this purchase order, whichever occurs first, will constitute acceptance of all terms and conditions contained herein. Any acceptance of this purchase order is limited to acceptance of the express terms of the offer set forth in this purchase order. Any proposal for additional or different terms or any attempt by Contractor to vary in any degree any of the terms of this offer in Contractor's acceptance or acknowledgement is hereby objected to and rejected, but such proposal shall not operate as a rejection of this offer unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods and or services to be delivered hereunder but shall be deemed a material alteration thereof, and this offer shall be deemed accepted by the Contractor without said additional or different terms. If this purchase order shall be deemed an acceptance of a prior offer by Contractor, such acceptance is limited to the express terms set forth in this purchase order.

(b) These terms and conditions may be invoked in a purchase agreement, between Purchaser and Contractor, against which Purchaser may place multiple purchase orders. Under such circumstances, each purchase order shall constitute a separate and distinct contract between the parties and these terms and conditions shall be in addition to those of such order, and shall be deemed incorporated in each such order. Regardless of whether an order is issued in connection with a purchase agreement invoking these terms or independently of any purchase agreement, these terms and conditions shall supersede and replace all terms and conditions appearing or referred to on the face or on the reverse of any proposal, acknowledgement, or acceptance or any other communication issued by the Contractor in connection with such order.

(c) Definitions:

As used throughout these terms and conditions, the following terms shall have the meaning set forth below.

- (1) "Contractor" means the party contracting with Purchaser to perform the work required under a purchase order placed by Purchaser.
- (2) "Purchaser" means the party contracting with Contractor for services and identified as the purchasing entity on the face of this purchase order.

2. NATURE OF SERVICES

(a) Contractor agrees to undertake the performance of all services called for in any order, to pursue the same diligently, and to complete the same within any time limit specified in the order. With respect to each order, the services contracted for shall be those described in the order, and in any statements of work, plans, specifications, general conditions, or other papers attached to or referred to in the order, which together with these terms and conditions are hereafter called the "Contract Papers." Said services shall include the furnishing of all materials, tools, equipment, labor, superintendence and facilities necessary therefor, excepting however, any items which are to be specifically furnished or performed by Purchaser as provided in the Contract Papers. Orders placed in connection with these terms and conditions may relate to work: (a) called for by contracts between Purchaser and the United States Government (hereinafter referred to as "Government Contracts"; (b) called for by contracts between Purchaser and any other legally constituted body or person; or (c) for Purchaser's own account. Any work relating to Government Contracts will bear the applicable government contract number. All rights conferred on the U.S. Government by these terms and conditions shall apply solely, to Government Contracts where required thereby, and not to other orders.

(b) If this is a subcontract under a Government Contract, Appendix I of the current revision of GE Aircraft Engines standard terms and conditions for purchase of goods, C64, shall apply to this order. Contractor agrees to accept all United States Government FAR and DFAR clauses that are contained in Purchaser's contract with the Government.

3. CONTRACT PRICE

- (a) Contractor shall be compensated for all services performed by Contractor for Purchaser in connection with each order in the manner and amount specified on the order. Payment for labor hour contracts will be made in an amount determined by multiplying the total number of hours actually required to perform each type of work by the hourly rate specified in the order for each type of work performed or as the Parties may otherwise agree. However, the total amount shall not exceed the total price specified in the order.
- (1) The Contractor's normal workweek shall consist of forty (40) hours. - (2) Premium pay for any off shift work effort (2nd or 3rd shift) will be negotiated separately and before such work begins..
- (b) It is expressly understood and agreed that the hourly rate so specified shall include (in addition to the wages or salaries to which the employees of Contractor performing such services shall be entitled) compensation to Contractor for time spent by any general administrative, supervisory or clerical employee; overhead expenses, profit, and any and all other direct or indirect costs or expenses in any manner attributed to the performance of said services except such as are hereinafter specifically provided for. Time spent directly on the job by squad leaders, contract engineers and chief designers shall be billed in accordance with the above schedule.

Contractor must provide banking information to establish electronic funds transfer for U.S. suppliers and wire transfer for non-U.S. suppliers.
- (b) ACCELERATED PAYMENT PROGRAM: Purchaser reserves the right to choose the settlement of invoices with Contractor by using Purchaser's accelerated payment program as follows: Contractor agrees to accept the invoice amount discounted by two percent (2%), in exchange for Purchaser's initiation of payment on the 15th day following the Payment Start Date (as defined in (d) below) ("net 15 less 2 %"). If Purchaser chooses to settle an invoice pursuant to the accelerated payment program, the following shall occur: (1) title to the Goods that are being delivered shall pass directly to GECF on the date of arrival of the item at the specified delivery; (2) once title to the Goods has passed to GECF,
