Any proposal for additional or different terms or any attempt by Seller to vary in any degree any of the terms of this offer in Seller's acceptance or acknowledgement is hereby objected to and rejected, but such proposal shall not operate as a rejection of this offer unless such variances are in the terms of the description, quantity, price or delivery schedule of the Goods but shall be deemed a material alteration thereof, and this offer shall be deemed accepted by the Seller without said additional or different terms. Goods shipped to Purchaser in advance of scheduled lead times may be returned to Seller at Seller's expense.

7. DELAY AND DEFAULT: In the event Seller for any reason anticipates any difficulty in complying with the required delivery date or any of the other requirements of this purchase order, Seller shall promptly notify Purchaser in writing or by electronic mail system.  - (ii) If Seller considers that the conduct of any of Purchaser's employees has constituted a change hereunder, Seller shall notify Purchaser immediately in writing as to the nature of the change and its effect on Seller's performance including delivery schedule and the amount to be paid to Seller. Pending written direction from the Purchaser, after negotiation of any adjustments, Seller shall take no action to implement such Change.
 - (iii) In any event, the maximum liability of the Purchaser for obsolescence scrappage, and/or rework resulting from any change shall be limited to the value of the materials and parts in process at the time of the change, to the extent that such parts are within Seller's normal manufacturing cycle required to meet the schedule. (b) With respect to any information, knowledge or data disclosed to Purchaser, or Purchaser's affiliates, subsidiaries or contractors, by Seller, Seller warrants that it has the full and unrestricted right to disclose the same to Purchaser, or Purchaser's affiliates, subsidiaries or contractors, without incurring legal liability to others, and that Purchaser, and Purchaser's affiliates, subsidiaries or contractors, shall have full and unrestricted right to use and disclose the same as it may deem fit. (c) Except as otherwise agreed in writing with Purchaser, Seller warrants that it is not the proprietor of any intellectual property rights (including copyright, trade secret, patent, application for patent, invention or license right) which would impair or restrict the freedom of Purchaser, or Purchaser's subsidiaries and affiliates, and their respective vendors and customers, to make use of the service rendered, work product called for or produced under this order. In the event that this situation changes, Seller hereby agrees not to assert any such intellectual property rights against Purchaser, Purchaser's subsidiaries and affiliates, and their respective vendors and customers, on account of any use made of such work product (or derivatives or improvements thereof) by any of them.

(d) Seller agrees to obtain the same warranty and commitment contained in this Article 10 running in favor of Purchaser, Purchaser's subsidiaries and affiliates and their respective vendors and customers from each of Seller's subcontractors.

(a) Any assignment or attempt to assign this order without the advance written consent of Purchaser shall be null and void and shall give Purchaser the right to terminate this order for default under Article 7.

(b) If a third party submits a solicited or unsolicited offer to Seller that would result in a Change of Ownership or Control of Seller, as defined below, Seller shall give notice of such offer to Purchaser as early as commercially practical following Seller's receipt of the offer. The notice shall include the identity of the offeror, the date and time of the offer and the conditions of the offer. Before Seller accepts the offer, it shall give Purchaser an opportunity, within a reasonable time, to advise Seller of its objection to the offer. If despite Purchaser's objections, the Change in Ownership and Control occurs, Purchaser has the right at its discretion to terminate this purchase order for default under Article 7 at no cost to Purchaser. In the event of such termination, Seller agrees to render full cooperation to Purchaser in order to minimize disruption to the Purchaser's program. Pending termination or in lieu of termination, Purchaser may require Seller to provide adequate assurance of performance, including, but not limited to the institution of special controls regarding the protection of Purchaser's proprietary information."

Seller is required to use a Purchaser approved source to conduct such Criminal Convictions Records Investigation. Purchaser reserves the right, at its discretion, to request from Seller documentation of the completion of a criminal convictions records investigation for any employee assigned to work on Purchaser's or its customer's premises. Seller's failure to have completed a criminal convictions investigation of any of its employees in accordance with this clause shall be grounds for immediate expulsion of the Seller and its employees from Purchaser's or its customer's premises and Purchaser shall have the right to terminate all orders for default.
- (f) Seller shall not assign any person to perform work on Purchaser's or its customer's premises that has been:

All inspections and tests on the premises of Seller or its supplier shall be performed in such a manner as not to unduly delay the work.

Purchaser's failure to inspect and accept or reject Goods or services shall neither relieve Seller from responsibility for such Goods or services as are not in accordance with the order requirements nor impose liabilities on Purchaser therefor. The inspection or test of any item by Purchaser shall not relieve Seller from any responsibility regarding defects or other failures to meet order requirements which may be discovered subsequently.

For engine components and other ancillary components, Seller shall provide and maintain quality control, inspection, and process control systems acceptable to Purchaser and its Customer in accordance with Purchaser's then current specification S-1000 and S-1002 for supplier quality product requirements, as applicable.
